THE CREATOR BEHIND THE WORK

Ideas into possibility.

I explore, test, and create with technology that fuels creativity, productivity, and real-life impact — from cameras to AI, apps to workflows, and the tools that help me build, produce, and innovate.

Partnership opportunities

Sponsored Content & Product Reviews

Product-led stories for agreed channels. Review approach, disclosures, deliverables, usage, and reporting are scoped to the brief.

Tech Integration & Workflow Features

Show a tool in context through practical demonstrations and creative workflows. Features and claims are checked against the actual experience.

Event & Experience Coverage

Discuss on-location storytelling, interviews, photography, and video coverage, subject to schedule and scope.

Long-Form & Short-Form Video

Concept, script, filming, and editing for the intended audience and platform. Length, revisions, and delivery formats are agreed together.

Campaigns & Product Launches

Creative direction, storytelling, and campaign concepts tailored to a product launch or brand brief.

Speaking, Panels & Thought Leadership

Inquiries about conversations at the intersection of technology, storytelling, and creative practice. Topics and format are agreed individually.

Let’s create something meaningful.

Creator partnerships and content production for brand-owned channels can be scoped separately.
